OPERATING A BUSINESS IN THE CITY OF CALIMESA

A **Business License** is mandatory for all businesses that are either located within Calimesa and/or conducting business within Calimesa. If your business is located anywhere within Calimesa (excluding independent contractors operating under a business entity or virtual offices), then either a **Home Occupation Permit** is needed for a business operating from a residential location *OR* a **Certificate of Occupancy** is needed in a business that is operating from any commercial or industrial location.

All steps below must be completed before a Business License application may be processed. This process does not include any modifications to the building. If you are proposing any tenant improvements, then you will need to check-in with the Building & Safety Department, as inspections may be required. If you are proposing any changes to the exterior of the structure or site, including painting, landscaping, and permits for signs and/or banners, then you will need to check-in with the Planning Department, as inspections may be required. *NOTE: It is recommended that, prior to signing any lease agreement, the zoning is verified through the Planning Department.*

Step 1. BUSINESS LICENSE: You must complete and submit a Business License application (Attachment A) along with the applicable fee (\$28 for businesses inside of Calimesa, \$52 for businesses outside of Calimesa). There is no Business License application fee for non-profit organizations, but Articles of Incorporation must be submitted with the application. *NOTE: An initial business license is valid for six (6) months from approval, after which the business license may be renewed on an annual basis with the applicable fee.*

- If your business location is outside of Calimesa, then **STOP**. You do not need to submit any further information with your Business License application.
- For all other businesses located within Calimesa, you will also need to submit the following documentation in addition to your Business License application:
 - a) A letter from the Property Owner providing permission for you to have a business at the subject property *OR* a copy of the original signed lease agreement between you and the Property Owner *OR* a copy of the deed of trust showing you as the owner of the subject property. *NOTE: If your home-based business is operating inside a mobile home park, then you must obtain written permission from the park owner/representative.*

- b) Two (2) copies of the site plan that includes the existing floor plan with dimensions and existing fixtures, rooms, exits, etc. (Attachment B). *Exceptions: Independent contractors operating under a business entity and Calimesa virtual offices.*
- c) Completed Air Quality Permit Checklist, to be retained by business owner (Attachment C).

If your business location is in a residential location, then continue to Step 2 and skip Step 3. If your business location is in a commercial or industrial location, then skip Step 2 and continue to Step 3.

Step 2. HOME OCCUPATION PERMIT: You must complete and submit a Home Occupation Permit application (Attachment D) along with your Business License application and **all applicable fees of \$199.00** (\$171 Home Occupation Permit application fee and \$28 Business License application fee). *NOTE: The Home Occupation Permit fee is a one-time fee and remains valid as long as you maintain an active business license.*

Step 3.
